Dear Sir,

I, Jonathan Shneidman, am the named inventor of the above-identified patent application. I make the following statement in support of concurrently filed Petition under 37 CFR 1.137(b) for Revival of Unintentionally Abandoned Patent Application.

1. I was represented by the law firm of Loeb & Loeb LLP in connection with the filing of the instant application. I am now represented by the law firm of Hogan & Hartson LLP. I understand that the attorneys named in the Power of Attorney I executed for this application moved from Loeb & Loeb to Hogan & Hartson.

2. I never executed a Revocation of Power of Attorney or a new Power of Attorney other than the Power of Attorney I original executed.

3. I never directly received any written communications from the PTO regarding this application.

4. On or about May 11, 2004, I contacted the PTO and was informed that the instant application had become abandoned, and that a Notice of Abandonment was sent to my attorney. On or about May 21, 2004, after contacting Loeb & Loeb, I received from Loeb & Loeb a copy of the Notice of Abandonment which was mailed by the PTO to Loeb and Loeb on November 4, 2002.

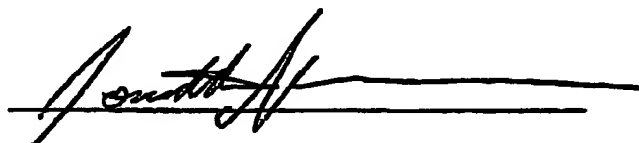

5. On or about July 14, 2004, upon searching my office, I discovered a package sent to me from Loeb & Loeb on April 25, 2002 containing the PTO office action issued April 19, 2002. I do not recall having personally seen the content of the package before then. I do not recall receiving any other notification regarding this package from any of my attorneys. It is likely that I did not understand that this package contained PTO materials that I would have to personally act upon, because I was and have been represented by attorneys in this patent application.

6. I never intended to abandon my patent application. The invention is very valuable to me and I am exploring the invention commercially.

I further declare that all statements made herein of my own personal knowledge are true and all statements made on information and belief are believed to be true.

Respectfully submitted,

Date: September 10, 2004

Jonathan Shneidman
